Resident Spotlight: A Life Well Lived

As the leaves begin to change and October brings a beautiful new season, we are delighted to celebrate a life filled with learning, service, and family.

Born in New Jersey, she discovered her calling as an educator at an early age. She attended Wheelock College, earning her degree in teaching and beginning a career that would become an important part of her life.

In 1958, she married Pete Sayre, and their lives soon became an adventure of their own. As an Air Force wife, she spent 21 years embracing the challenges that came with military life. She lived in approximately 10 different locations across the country while raising their two children. Her teaching career began in a traditional one-room schoolhouse in Sedalia, Missouri—a wonderful beginning to a lifetime of making a difference in the lives of others.

The family settled in Palmetto, Florida, where her commitment to helping others continued. She volunteered with local schools, St. Mary's Episcopal Church, and numerous nonprofit organizations. She also served as manager of the gift shop at Manatee Memorial Hospital, a role that allowed her to continue connecting with and serving her community.

But when asked about the greatest joy of her life, the answer is undoubtedly family. Her family has grown to include 10 grandchildren and 11 great-grandchildren.

Her life reminds us that wherever the journey takes us, the greatest chapters are often the ones we write with the people we love.
